

MARATHON Matrix 2

A positive rake angle and a variable tooth pitch in connection with the flexible HSS quality Matrix 2 makes it possible to cover a comprehensive spectrum of applications and work pieces.

Paired with our step tooth set (SF), this WIKUS band saw blade is unique and highly suitable for jam-free sawing of large profile girders.

- for steel construction
- universally for rough workshop operation
- for large profiles
- for solid materials with a cross-section of 60-300 mm

Item-Group 522

MARATHON Matrix 2 (67-68 HRC)

Dimensions width x thickness		Tooth pitch T_z in teeth per inch (tpi)				
		Raker set			Step set (SF)	
mm	Inches	2-3	3-4	4-6	2-3	3-4
27 x 0,90	1 ¹ / ₁₆ x 0,035		K	K		
34 x 1,10	1 ³ / ₈ x 0,042	K	K	K	K	K
41 x 1,30	1 ⁵ / ₈ x 0,050	K	K	K	K	K
54 x 1,60	2 ¹ / ₈ x 0,063	K	K		K	K
